

Managing Director HÜBNER Group

Kai Mentel

Kai Mentel was born in Lippstadt, Germany, in 1986. He is married and has one child. Together with Uwe Bittroff, Ingolf Cedra, and Claus Schäfer, he has been Managing Director of the HÜBNER Group since fall 2022. Within the General Management, Kai Mentel is responsible for the Mobility Rail division.

Kai Mentel has been with HÜBNER since the beginning of his apprenticeship as an Industrial Clerk in 2005. During his first years as a Project Manager in Sales, he also completed his degree in Business Administration at the same time. He was responsible for the successful implementation of a key account management structure at HÜBNER. Subsequently, his positions included the global management of sales activities in the rail business. From 2018, he and his team at HÜBNER built up the After Sales & Service division, which he also managed from the outset. In 2021, Kai Mentel took over the management of the Mobility Rail division, which is the HÜBNER Group's largest division in terms of sales. The division includes the Gangways, Chassis Technology Rail (HEMSCHEIDT Engineering) and Cockpit Displays (Gersys) units. He is also responsible for the HÜBNER sites in China and India.
